Product Development Software Developer

Overview
The Product Development: Software Developer will be responsible for the development and modification of the HIE interfaces for the CORHIO Health Information Exchange and development of HIE tools using solutions and technology such as C#, SQL, MongoDB, APIs, and Web UIs.

As part of the Product Development Team at CORHIO, this position will support the development of new and existing solutions at CORHIO. As applicable, after hours may be necessary to support after hours deployments, changes or major incident response.

The Software Developer will report to the Vice President of Development and Application Support and interact with other CORHIO teams and clients.

Responsibilities
• Write and maintain software for CORHIOs current and future tools and solutions.
• Attend intermittent design discussions for new products, features, and tools.
• Work with Product Development Director and other team members to follow best practices for integrations and custom tools. This position will be encouraged to think and provide feedback and suggestions for development efforts.
• Work closely with Operations, QA, Implementation, and Project Management to support technical efforts throughout the SDLC.
• Document technical specifications of coded solutions.
• Develop software utilizing security best practices.
• Must occasionally be available for after-hours work, outside of normally scheduled hours.

Skills / Qualifications
• Bachelor’s degree in Computer Science or equivalent preferred
• .Net languages, particularly C#
• ASP.Net or Related Web Development
• API Driven Development
• Object Notation Languages: JSON, XML, BSON
• SQL (Any flavor) and/or reporting tools
• NoSQL solutions, particularly MongoDB
• Analytical, design, and troubleshooting skills
• Agile development practices using JIRA
• Git Version Control (GitHub)
• Advanced written and verbal communication skills. Must be able to clearly communicate technical information to non-technical business users and customers.
• Understanding of the Healthcare domain is a plus
• Having a .NET certification is a plus

LOCATION
Offices are currently located in Cherry Creek.
WORKING CONDITIONS
Standard office environment with frequent computer use.

TOTAL COMPENSATION
Competitive salary and benefits package. CORHIO’s benefits package includes an annual cafeteria plan allowance that allows employees to elect various offerings and tailor the plan to best suit their personal needs. CORHIO employees are eligible to participate in the company’s 403b plan. In addition, employees are provided annual Personal Time Off, Short and Long Term Disability, and Life Insurance. Note: No relocation monies are available.

CONTACT INFORMATION
E-mail resume and salary requirements to: hiring@corhio.org and include position title in Subject. No phone calls please. ABSOLUTELY NO RECRUITERS!

ABOUT CORHIO
Improving health through enhanced use of information technology and data exchange is the heart of what we do. We manage one of the country’s largest and most successful health information exchange (HIE) networks, provide advisory services that help healthcare professionals effectively use technology and improve care delivery, and supply health plans and accountable care organizations (ACOs) with valuable data that enhance analytics and population health programs. As an independent, nonprofit organization, we are dedicated to serving all of Colorado’s healthcare stakeholders.

Our Mission: CORHIO empowers people, providers, and communities by providing the information they need to improve health.

Our Vision: Harnessing the power of data for health and vitality.

Our Values:
Building Community through Collaboration
Pursuing Innovation with Determination
Making a Commitment to Excellence through Life-Long Learning
Deliberately Creating a Fun and Respectful Environment
Delivering with Integrity and Accountability

Colorado Regional Health Information Organization (CORHIO) is an Equal Opportunity Employer (EOE). Upon becoming a Workforce Member of CORHIO, CORHIO may, at its discretion, conduct a background check.
