

COLORADO MEDICAID EHR INCENTIVE PROGRAM

PROGRAM UPDATE

July 5, 2018

Program Update

The Department of Health Care Policy and Financing (the Department) is pleased to announce that the Colorado Medical Assistance Provider Incentive Repository (MAPIR) will be available and accepting attestations for Medicaid Eligible Professionals (EPs), Eligible Hospitals (EHs) and Critical Access Hospitals (CAHs) for Program Year (PY) 2017 beginning Sunday, July 15, 2018 and closing Friday, October 12, 2018.

Starting in PY 2017, EPs will be required to attest to cooperating with the Office of National Coordinator of Health Information Technology's (ONC) electronic health record (EHR) system direct review activities—known as Objective Zero. In the MAPIR system, this will be the first objective you are required to attest to. The purpose of this objective is two-fold. The first is proving activities related to supporting providers with the performance of CEHRT. The second purpose is to prove actions related to supporting information exchange and the prevention of health information blocking. To learn more about this objective, watch our webinar, [How to Successfully Attest to Program Year 2017](#), where this objective is highlighted in the first ten minutes.

Thank you to everyone who attended the HCPF/CORHIO educational breakfast event on June 19th! Links to slides and a recording of the main presentation were sent to all who registered. If you would like this information as well, please contact MedicaidEHR@corhio.org.

MAPIR System Success

Program Year 2016 has almost 2,000 successful attestations that the Department would like to celebrate! So far, 1,880 successful attestations have been recorded and \$9,156,785 has been paid to participants.

The Colorado Registration & Attestation system (known as MAPIR) has many features. To learn more about accessing and navigating MAPIR you can view our informational webinar, [Navigating the MAPIR System](#).

Resources for Completing Your Program Year 2017 Attestation

The Department has updated the required Eligibility De-identified Workbook to include participants' eligibility dates being used for attestation. Please remember to identify what continuous 90-day period will be used for PY 2017 in your documentation. The link below will guide you to the updated Eligibility De-identified Workbook.

- [EP- Eligibility De-identified Workbook](#)

With PY 2017 opening soon, we have posted several webinars to assist you in your attestation. Each webinar has a link and short description below. Please also refer to the CORHIO website for documents to support your attestation.
